All details are provisional. Please regularly check **https://www.corinth-training.com** for any last-minute changes and new course additions. We apologise in advance if changes must be made. **Course details correct as of Oct '25.**

Courses are free conditional on at least 50% attendance, aged 19+, resident in the UK for 3 years or more, a Greater Manchester resident and completion of a learner journal, (returned to Corinth each lesson/end of the course). Enrolment on a course is during the first lesson. Enrolment requires 1 proof of resident status, e.g. birth cert, or bank card, or driving license, or passport, or residence permit/eVisa, or proof of pre settlement/settlement status and valid share code. Residence permits/eVisas must be valid during and for at least 6 months after the course end date.

The above courses are community training courses and are not certificated. For business enquiries please call or email us per our contact details.

All courses are eight weeks in duration unless otherwise indicated. T&C's apply around European/non-European resident status. E&OE.

Corinth Business and Community Training C.I.C. is a not-for-profit community interest company, putting the learner at the heart of what we do.

Corinth Business and Community Training C.I.C. – where learning makes sense. **Find us on Facebook, X, Instagram and LinkedIn.**

First Steps Internet Searching and Presentations	Next Steps Going Digital: Saving Money and Budgeting.
This course is ideal for learners with little or no experience of using the Internet to search for information. The course guides through going online to use a search engine to find specific information. The course also covers an introduction to making a digital presentation.	Ideal for learners who would like to improve existing digital skills to learn about saving money and budgeting.
Digital Office Skills	**First Steps Practical Word Processing and Presentations**
Ideal for learners looking for an introductory course covering the basics of working in an office. Includes: using Microsoft Word templates, setting up and maintaining a budget sheet using Microsoft Excel, exploring expected admin skills, and, what to expect on the first day of working in an office.	Ideal for learners with a little Microsoft Word experience. The course builds on existing keyboard and general Word know-how by introducing the use of tables in a document to display information. The course's final session introduces further skills in PowerPoint to create a presentation.
First Steps Planning a Digital Photography Project	**First Steps Creative Photography and Photoshop Projects.**
This course is ideal for those wishing to learn more about using their digital camera to improve their general photo taking. Put into practise learning concerning the exposure triangle, composition, lighting, camera settings and more. Aimed at bridge cameras and digital SLR cameras but also suitable to some extent for mobile phone cameras.	This course is ideal for anyone wishing to improve their digital image editing skills as well as learning/improving photography skills. You will be led through the initial steps of using a digital camera on its manual setting to take photos. The course embraces image compositing using the industry standard Photoshop package as well. Learn about non-destructive editing using the range of layer types offered within Photoshop. Some previous Photoshop experience required; some IT skills beneficial.
